

Queensland Outreach March 2010

May I first of all thank the teams who worked hard to fulfill the organization and the help needed to see a rewarding outcome in every meeting place throughout the State of Queensland, ministering in Chapters and Churches as well as 5 Mayoral Prayer Breakfasts, totaling 17 meetings and reaching 1280 adults.

Peter Monson, our FGBMFI State Director, plays a very active role in each of the meetings and makes a point of talking to those whom he knows are there for the first time. His 4WD covered the 6,000 klm distance very well in the 2 weeks and we praise God for safe travel, protection and guidance all the way.

The response to the ministry of John & Kay Gagliardi was overwhelmingly encouraging. People received that for which they came and asked.

It is not an easy task to report on such an itinerary, for seemingly it appears to have a start and finish timing to it. Yes, somewhat difficult because the real rewards and benefits are hidden and only revealed through testimonials that go on and on throughout the year.

It was a pleasure to meet the 35 people who want to see good outreach in the Whitsunday areas grow in the Bowen region, with a new Chapter needing your supportive prayers for Philippe & Gary specifically.

Two new cities where Mayoral Prayer Breakfasts were held for the first time in many years, Dalby and Rockhampton were inspiring and starting to bear fruit from the outset. The Dalby (Western Downs Regional Council) Mayoral Prayer Breakfast had a record beginning with 166 guests.

During the time of travel, enquires have led to creating interest in 2 more areas namely Townsville and Charters Towers for Mayoral Prayer Breakfasts.

John's challenge to the Mayors of cities and towns was to build on and fortify that which is to be the force for progress in communities and cultures. This he did through directing their

attention to the powerful spiritual force that he had found works through business in the marketplace, men and women acknowledging that any blockages or intentional interruptions must be dealt with in the spiritual realm to maintain a healthy result.

The ministry of deliverance in marriage relationship, good counseling for business difficulties, instant answers for troubling issues of life, healing for all kinds of ailments and divine direction in some uncertain circumstances were all part of what the Lord demonstrated consistently. Kay played a vital part in the ministry where women were involved for prayer and personal help.

Yes, there were those who experienced a very deep heartfelt love for the Lord for the very first time in their life and others whose faith levels were elevated to renewed strength and acceptance of the Power of the Holy Spirit.

Numerous good stories continue to come from guests of the Mayoral Prayer Breakfasts, especially those in National and Local leadership positions.

Is it all worthwhile?

A resounding YES, is the answer.

Bernie Gray & Peter Monson
